

Cooperation Agreement

signed on 15 June 2020

between

Ukrainian special scientific-restoration project-build-production corporation “Ukrrestavratsiya”,
Faculty of Engineering, Vasile Alecsandri University of Bacau,
Kyiv National University of Construction and Architecture
and
Cracow University of Technology

In order to develop and diversify the areas of education and scientific research, representatives of the Ukrainian special scientific-restoration project-build-production corporation “Ukrrestavratsiya”, Vasile Alecsandri University of Bacau, Kyiv National University of Construction and Architecture and Cracow University of Technology have signed the following cooperation agreement. At the same time, the four parties recognize and confirm the importance of international cooperation in the field of higher education and scientific activities.

1. The Ukrainian special scientific-restoration project-build-production corporation “Ukrrestavratsiya”, Vasile Alecsandri University of Bacau, Kyiv National University of Construction and Architecture and Cracow University of Technology agree to cooperate in the spirit of mutual understanding, strengthening friendly relations and acquaintanceship beneficial to the four parties and jointly hold such activities:

- a) joint research projects, conferences, publications, seminars and guest lectures;
- b) mobility of staff;
- c) mobility of students (its rules and regulations shall be agreed in a separate document as an appendix to this Agreement);
- d) to undertake to use various means of communication, including through exchange programs;
- e) to participate in bilateral coordinated postgraduate programs, in particular in research council, to participate in the defense of dissertations;
- f) to exchange scientific and didactic materials.

2. The four parties should strive for the development and implementation of research projects that are in the interest of all parties. The four parties organize joint scientific seminars, conferences, and promote the participation of their staff in scientific events organized by the partner University.

3. The specified content of the above tasks will be the subject of annual panel discussions and decisions of the Universities. All the parties should finance the tasks taking into account all the capabilities of themselves and their countries.

4. Intellectual property rights arising from joint activities will be divided between all parties in proportion to their obligations.
- 5 The content of the Agreement may be modified at any time by mutual written agreement of the parties.
6. The Agreement shall be valid for a period of five (5) years and may be extended by mutual agreement of the parties upon expiration of the term of its validity.
7. This Agreement is written in English.
8. The contact persons for the purpose and objectives of this Agreement are:
